

A501

Partition Door Full Surface Hinge

The ABH A501 Partition Door Stainless Steel Hinge is a Full Surface Hinge designed to be used in restrooms stalls or other similar applications. This hinge will keep the door open at 20° so the user knows there is nobody in the restroom stall and the hinge leaf's are angle cut so your door will close with the camming action.

Standard Features:

- Full Surface, Heavy Duty
- 12 Guage 304 Stainless Steel
- 20° Open Rest Position-Standard
- (3) Custom Stops Provided for 100° Opening
- 48" Door Width Maximum

Finishes:

- US32D- Satin Stainless Steel
- Custom Powder Coating Available

Add-on Stop
