

3900 Series Low Energy Power Operator

Provide easy access and egress with the 3900 series low energy power operator. The 3900 provides quiet and dependable dual functionality for exterior or interior doors. With its ability to function as both an operator and a standard door closer, the 3900 series offers a unique choice.

An ASSA ABLOY Group brand

ACCENTRA
ASSA ABLOY

ASSA ABLOY is transitioning the Yale Commercial brand to ACCENTRA. This affects only the brand name; the products and product numbers will remain unchanged. Prior to May 20, 2024, products may be shipped either as Yale Commercial brand or ACCENTRA brand. Products shipping after May 20, 2024, will be branded ACCENTRA.

Features:

- Push or Pull side mounting
- Non-handed
- Quiet operation
- Operates as a mechanical surface closer during close cycles, when door is opened manually or if power is off
- Electrically controlled backcheck, sweep and latch
- Electric hardware and access control interface
- Activation options: wall switches, radio frequency devices
- Onboard 24VDC (1.1A) power supply for accessories
- Patented design

Benefits:

- Affordable dual functionality: simply opens and closes the door to automate interior or exterior medium traffic doors.
- Ideal for retrofit applications: easy installation and optional AC power cord effortlessly converts openings for barrier-free accessibility
- Consistent and dependable: quiet electromechanical operation certified to ANSI/BHMA and meets ADA requirements to provide easy access
- Hands-free operation: ideal for low to medium traffic openings for convenient access when used with touchless wall switches

Applications

- Excellent for basic installations where a quiet operator is a must:
 - “Back of House”
 - Community rooms
 - Ballroom or Conference rooms
- Simple and affordable retrofits to meet ADA
 - Retirement facilities
 - Retail or Restaurants
 - Government/military
