## Natural Anti-Microbial Hospital Latches

LR6600CN Wide Paddle

6000CN W/ Hip Paddle

6800QCN Quiet Low Profile

## Create

a healthier, natural environment without sacrificing the beautiful look of stainless steel.

Prized for its warm glow and corrosion resistance, copper has proven to have natural antimicrobial qualities that help prevent illnesses. Copper and its alloys, including brass and bronze, have been shown in studies to continuously kill disease causing bacteria.
