

Ultimate Protection

FE6600 Series Multi-Point Lock

The FE6600 Series helps secure community shelters and safe rooms by withstanding tornado wind speeds and flying debris. Available in multiple function and trim combinations, the FE6600 Series offers the flexibility needed to accommodate a full range of door opening solutions including electronic access control with the reliability and durability needed for extreme conditions. Its unique center case adjustability feature simplifies installation and device adjustment.

Experience a safer
and more open world

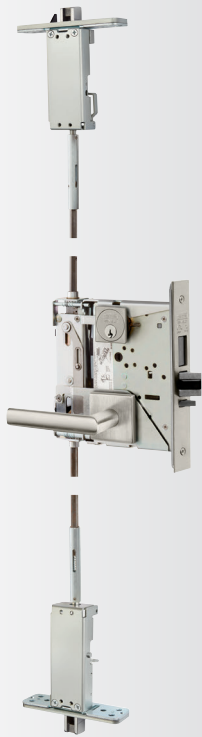

FE6600 Series

Multi-Point Lock

APPLICATIONS

- Community shelters and safe rooms
- Corporate and educational facilities
- Healthcare and government campuses
- 911 call stations, emergency operation centers, and fire/rescue/ambulance and police stations
