

# Storm Resistant

## **FE6700 Series Storm Shutter Multi-Point Latching System**

The Corbin Russwin FE6700 Series is a robust three-point locking system engineered to help save lives by securing the community shelter window openings. Extra heavy-duty steel components secure the shutter to the frame – at the top, bottom and center latch points – fortifying the opening to withstand extreme wind speeds and flying debris. UL Classified for both FEMA P-320 (2014), FEMA P-361 (2015) and ICC 500 (2014), the FE6700 Series provides peace of mind when a tornado approaches.

# FE6700 Series

## Storm Shutter Multi-Point Latching System

### APPLICATIONS
