

**PROGRESSIVE.
ELEGANT. DURABLE.**

>> PED4000 Series Exit Device

The Corbin Russwin PED4000 Series represents the next generation of exit devices – where strength and security meet enduring beauty. Crafted with innovation at its core, this series offers a harmonious blend of elegance and robust durability. All configurations (rim, mortise, and concealed vertical rod) exceed ANSI/BHMA Grade 1 requirements to ensure maximum performance that enhances the visual appeal of any environment.

Experience a safer
and more open world

INNOVATION:

- All wires for electromechanical options are routed through the rail
- Vertical rods adjusted at the center case on concealed vertical rod devices
- Hidden dogging mechanism
- Multiple indicator options available including Active Dogging, Passive Dogging, and
- EcoFlex® technology on all electrified trim
- Enhanced Motorized Electric Latch Retraction features
- Improved Delayed Egress functionality
- Motorized Electric Latch Retraction available with FEMA certified devices
- 5lb pressure latch release optional on all rim and concealed vertical rod device types to comply with California building codes

SECURITY:

- Pushrail dogging option available, with or without indicators
- Torx® screws
- Master keying with Corbin Russwin Security Key systems available (Access 3® and Pyramid)

STRENGTH AND DURABILITY:

- ANSI/BHMA A156.3 Grade 1 certified
- Robust end cap design for high impact environments
- Built to withstand abusive conditions and designed to deflect impacts from carts
- Heavy duty mounting construction
- 10-year warranty

AESTHETICS:

- Multiple trim options for wide and narrow stile applications
- Flush pushbar and rail carrier design to minimize catch points
- No visible fasteners on rail assembly
- Mixed finish options
