Notes:

- This template is an addition to the device template. Locate centerlines using horizontal and vertical references on device template.
- 2. Dimensions are in inches (mm).
- 3. LHR door shown. (RHR opposite)
- 4. For door reinforcement see template T30800.
- 5. Prepare mounting holes when installing trim.
- Provide adequate internal support to prevent door deformation after trim is bolted to the device.
- 7. Dimensions given about a centerline are symmetrical.
- 8. Unspecified radius 1/8 maximum.
- Concealed Door Position Switch p/n:708F989 is included with this product.
 Use and installation location to be specified by others. See SE LP10 (FM385)
 or SN200/210 (FM563) installation instructions for details.

Note: Lever design prefix does not affect door prep.
