

FALCON®

H2 Series

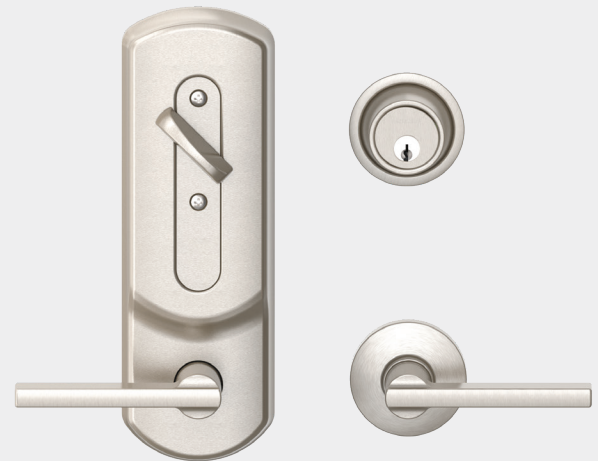

Interconnected lock

Overview

Falcon® is committed to delivering a solid product at a solid price. The H2 Series interconnected lock is Falcon's newest offering, featuring single motion egress to meet Life and Safety code requirements.

The H2 Series is BHMA Grade 2 certified and is available in multiple finishes and lever styles for cohesive styling/pairing with other Falcon products.

The H2 Series is designed for multi-family and public restroom applications requiring a durable, robust commercial interconnect lock.

Inside of door

Outside of door

Features and benefits

- ANSI/BHMA Grade 2 (A156.25)
- 3 hour UL fire rating
- 8 lever styles and 6 finishes for suiting across other Falcon and Schlage branded products
- Two functions available:
 - Entrance Single Lock
 - Bathroom with Occupancy Indicator
- Supports 2 3/8" or 2 3/4" backsets
- 1 3/4" - 2" door range standard; 1 3/8" available
- Standard and SFIC cores available

Lever and knob styles

Most levers can be suited with other Falcon locks and exit device trim. Levers also suite with Schlage residential lever designs, making the Falcon H2 Series perfect for multi-family applications.
