#### THE MASTER LOCK COMPANY TERMS OF SALE – EFFECTIVE NOVEMBER 2018

All orders are subject to acceptance by Master Lock Company LLC, Milwaukee, Wisconsin, USA

#### PRICES:

- All prices are stated in US dollars (\$).
- Orders are subject to prevailing prices on order acceptance date.
- 10% will be added for less than Master Carton quantities per customer program.
- Although descriptions are believed correct at publication approval, accuracy cannot be guaranteed

#### MINIMUM ORDER:

US\$50 on all catalog items except parts and keys.

#### ADDITIONS/CHANGES:

- Once your order has been processed, additions, cancellations or changes may not be accepted. A separate order may be required.
- Master Lock Company LLC reserves the right to make product specification changes from time to time, without notice or obligation, and to change or discontinue models.

#### **FREIGHT TERMS:**

- All shipments within the US and Canada are FOB destination.
- Shipments to Alaska or Hawaii will be to US port of exit (Seattle or Los Angeles)
- Master Lock Company LLC will pre-pay freight charges on all orders over US\$1,000 (based on net prices) to a single destination within the contiguous United States or Canada.
- Orders destined to Alaska or Hawaii ship prepaid to the customer's designated freight forwarder in either Seattle or Los Angeles.
- Freight charges on orders less than US\$1,000 (net) will be shipped on a Prepay & Add basis. Freight charges will be added to the customer's invoice.
- Master Lock Company LLC reserves the right to select both the carrier and mode of transport when shipping on a Prepaid or Prepay & Add basis.
- Customer is responsible for any charges in excess of normal transportation that result from services requested by the receiving party.
- For an International Shipment that is a Routed-Transaction the Buyer's [consignee's] freight forwarder is responsible for export clearance and AES filing.

#### CLAIMS:

- You must report any claims for shortages or damages for which Master Lock Company LLC or our freight carriers are responsible within 30 days of receipt of merchandise.
- Receivers must note visible discrepancies on the carrier's copy of the delivery receipt in order for the claim to be considered valid. Visible discrepancies include, but are not limited to, open, torn, crushed or water damaged cartons, piece counts that do not match the delivery receipt, etc.
- Master Lock Company LLC uses yellow stretch-wrap. If freight is received with stretch-wrap that is clear or any other color, it should be noted on carrier's copy of the delivery receipt.

- Concealed damages must be reported within five business days of receipt of merchandise in order to determine liability.
- All carriers' claims on Prepaid (or Prepay & Add) shipments are filed by Master Lock Company LLC.

#### RETURN GOODS

- No merchandise may be returned without authorization from The Master Lock Company.
- All returns must have a Returned Material Authorization (RMA) Number issued by The Master Lock Company Customer Care.
- The RMA must be shown on all labels and correspondence with regards to returned merchandise.
- All returns must be prepaid and returned within 30 days of authorization in order to receive credit.
- A minimum 15% handling charge will be assessed on authorized returns.
- Returns received without prior authorization (RMA Code) may be returned to the customer.
- Returns will not be authorized for custom "Made To Order (MTO)" products and/or products built to a specific customer requirement such as laser engraved, master keyed, or keyed alike products.

#### WARRANTY INFORMATION:

- If this product or any part of the product fails due to a defect in materials or workmanship at any time during the life of the product, Master Lock Company LLC ("Master Lock") will repair or replace the product or part free of charge. Simply contact Master Lock at www.masterlock.com or 1.800.464.2088 for instructions on obtaining repair or replacement. Canadian customers please call 1.800.227.9599.
- This limited warranty applies only to defects in materials and workmanship, and does not cover products which have been abused, altered, damaged, misused, cut or excessively worn. TO THE EXTENT PERMITTED BY LAW, MASTER LOCK DISCLAIMS ALL OTHER IMPLIED OR EXPRESS WARRANTIES INCLUDING ALL WARRANTIES OF MERCHANTABILITY AND/OR FITNESS FOR A PARTICULAR PURPOSE.
- This limited warranty is your sole and exclusive remedy and MASTER LOCK shall not be liable for any damages, whether direct, indirect, incidental, special, consequential, exemplary, or otherwise, including property damage, lost revenues and lost profits, arising out of any theory of recovery, including statutory, contract or tort.
- This limited warranty gives you specific legal rights, and you may also have other rights which vary from state to state and province to province.
- For complete warranty details please visit www.masterlock.com.

#### How To Order

Orders may be placed via Electronic Data Interchange (EDI), online ordering at www.masterlockshop.com, facsimile to 1-800-308-9245 or e-mail at orders@mlock.com. Telephone orders may also be placed by calling The Master Lock Company Customer Care at 1-800-308-9242 or 1-800-308-9244. To best assure order accuracy and validate information, we reserve the right to require a hard copy of an order prior to processing a phone request.

Order confirmation is available via e-mail or fax.

For convenience, online order tracking is available 24 hours a day at www.masterlock.net.

Please contact our Customer Care Team for details.

#### When Ordering Products, Please:

- A. Indicate your customer account number, billing address (including zip code), contact name, phone and fax numbers.
- B. Specify complete model number, quantity, and price.
- C. Be sure to specify key number if needed.
- D. Order by units listed, such as each lock or package of service parts.
- E. Indicate color of lock if applicable, (i.e., 6835GRN).
- F. When ordering combination locks for schools or institutions, indicate name and location address (including zip code) of end user.
- G. When ordering laser engraving, indicate clearly which areas of the padlock to engrave. All engraving requests must be accompanied by a fully completed laser layout sheet.

**Customer Care Hours:** Weekdays 7:30 a.m. to 5:00 p.m. Central Standard Time (C.S.T.). Orders may be faxed or emailed 24 hours a day. All orders received weekdays by 3:00 p.m. C.S.T. will be entered the same day.

#### EDI

The Master Lock Company is able to accept purchase orders, transmit invoices and Advance Ship Notices (ASN), and receive forecast and Point of Sale (POS) data via EDI. The Master Lock Company utilizes the ANSI X.12 standards. For more information on EDI, contact your Master Lock Company Sales or Customer Care Representative.

## Maste

## ACCESS MANAGEMENT SOLUTIONS: MASTER LOCK<sup>®</sup> VAULT ENTERPRISE

## Smart. Simple. Secure.

The Master Lock Vault Enterprise software and suite of Bluetooth® enabled hardware provide business users who manage many locks and many users with a convenient way to control access, oversee assets and improve accountability. This proven security innovation eliminates the cost, security risk and complexity of physical keys.

#### **INNOVATIVE FEATURES:**

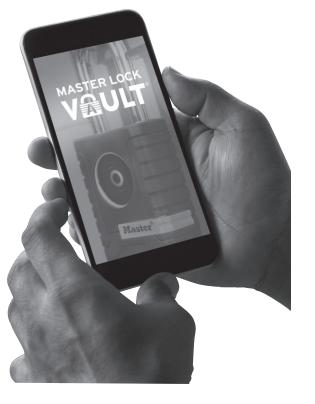

- Efficiently manage access to ensure the right users have the right access
- Simplify security set-up with bulk user uploads and fast lock scanning ٠ for registration
- Automatically map lock and lock box locations via smartphone
- Easily monitor access with robust data and audit trails
- Assured back-up entry method using manual, directional or numeric code • on hardware
- Leverage the security of 256-bit, military-grade encryption

4400ENT

**5441ENT** 

5440ENT

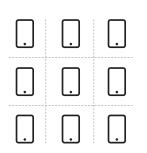

MASTER LOCK

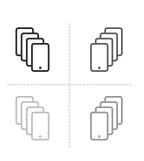

### Flexible Asset Management

Whether it's one lock or thousands, Master Lock Vault Enterprise provides businesses with unmatched security, simplicity and accountability.

#### INDIVIDUAL

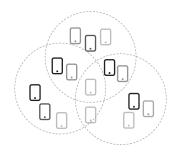

Share permanent or temporary access with our app that turns smartphones into smart keys.

GROUP

Easily assign users and devices to unique access groups, on demand.

#### CUSTOMIZED

Enjoy system-wide customization, including the ability to overlay groups for efficient access management.

Learn more at masterlock.com/solutions/vault.

#### Master, **Standard Products**

## Around-the-Clock Access with Master Lock Vault Enterprise

Integrated into the suite of Bluetooth enabled products, the easy-to-use Master Lock Vault Enterprise app eliminates the need for physical keys and key management, lowering costs and enhancing security. Users view detailed lock-use history, including unlock/open/relock activity.

## **Bluetooth Enabled Products**

The Master Lock Vault Enterprise suite of Bluetooth enabled products can be mixed and matched to fit your application needs.

No. 4400ENT

No. 4401LHENT

#### Durable, reliable padlocks that feature anti-shim technology for maximum security

- No keys to lose
- No combinations to forget
- No unauthorized key duplication

#### **Door Key Compatible Cylinders & Padlocks**

#### Same Key Opens Both

- Use the same key that opens your security doors
   Improve key control Security Convenience Safety
- Cylinders may be ordered both as part of a complete American Lock<sup>®</sup> Door Key Compatible padlock assembly, or separately, keyed up and ready to plug into your system
- Padlock bodies will also accept the following OEM cylinders: Medeco<sup>®</sup> #20W20000 6-pin cylinder, Schlage<sup>®</sup> (6-pin Key-in-Knob), Assa<sup>®</sup> (65611), Schlage<sup>®</sup> Primus<sup>®</sup> & GMS<sup>®</sup> cylinders

#### Pro Series® Door Key Compatible Padlocks

- Hardened boron alloy shackles for superior cut resistance
- Dual ball bearing locking mechanism resists pulling and prying

6727

Rekeyable – replaceable cylinder and shackle

#### High Security – Solid Iron Shroud

- Heavy steel bodies withstand
   physical attacks
- Iron shroud protects shackle from cutting and prying

## Weather Tough<sup>®</sup> Ideal for harsh outdoor conditions

- Exclusive cover protects lock from water, ice, dirt and grime
  - Heavy duty steel bodies withstand physical attacks

6627

- Keyway cover keeps
   out dust and dirt
- Optional brass shackles available for increased corrosion resistance

6627LH

6621

High Security – Solid Steel

- Heavy case hardened steel body
- Chrome rustproofing provides longer life
- Shrouded models protect against bolt cutters and prying

#### Solid Brass

- Body provides extra resistance in caustic, corrosive and salty environments
- Optional brass shackle available for increased corrosion resistance

#### **Rekeyable Padlocks**

- Quickly remove the current cylinder and either change the pins or replace the cylinder
- 5-pin tumbler cylinders provide more than 9,000 key changes for added pick resistance
- Rekeying kit (No. 291) contains an extensive assortment of the most frequently used components to replace or rekey cylinders

#### **Die Cast Zinc Padlocks**

- Chrome-plated lock body resists corrosion
- · Hardened boron alloy shackle for superior cut resistance

#### **Rekeyable Laminated Steel Padlocks**

- Double locking mechanisms provide extra pry resistance
- Hardened boron alloy shackles No. 25 and 101
- Hardened steel shackles No. 21
- Hardened steel bottom plates for extra drill resistance — No. 25 and 21
- Top & bottom bumpers for greater scratch resistance

#### Non-Rekeyable Padlocks

#### **Commercial Magnum® Padlocks**

- · Stainless steel body cover for exceptional weatherability
- Chrome-plated shackle for excellent rust resistance
- Octagonal boron-carbide shackle is 50% harder than hardened steel
- Superiory pry resistance with dual-ball bearing locking
- 4-pin tumbler cylinders provide pick resistance

• Key to match existing 4-pin

• Edge<sup>®</sup> Key Control available

W1 systems

#### **High Security Laminated Steel Padlocks**

- Hardened boron alloy shackle for superior cut resistance
- Dual locking mechanism provides extra pry resistance
- · Hardened steel bottom plates for extra drill resistance
- · Top and bottom bumpers for greater scratch resistance
- Proprietary rustproofing for longer life
- 5-pin tumbler cylinders provide more than 9,000 key changes for added pick resistance – No. 15 & 17

 4-pin tumbler cylinders provide pick resistance – No. 5

#### Laminated Steel Padlocks

- · Hardened Steel shackles for extra cut resistance
- 5-pin tumbler cylinders provide more than 9,000 key changes for added pick resistance – No. 81 & 31
- 4-pin tumbler cylinders provide pick resistance No. 1 & 3

#### Laminated Brass Padlocks

- Brass bodies and cylinders provide excellent corrosion resistance – No. 82, 6, 2, 4
- Hardened steel shackles for extra cut resistance
  - Optional brass shackles available for increased corrosion resistance

## Covered Laminated Padlocks for Outdoor Protection

- High-tech thermoplastic shell designed to withstand the elements
- · Hardened steel shackle with molded cover
- Dual locking mechanism provides extra pry resistance
- 1-9/16in (40mm) wide laminated steel body for superior strength
- 4-pin tumbler cylinder helps prevent picking

#### Shrouded Shackle Padlocks

- Armored shackle guard and hardened steel shackle defies cutting
- 1-9/16in (40mm) wide laminated steel body for superior strength
- 4-pin tumbler cylinder helps prevent picking

#### Vending and Meter Padlocks

- · Prevents access to vending and utility valve equipment
- Removable hardened steel shackle for extra cut resistance
- · Hardened steel bottom plate for extra drill resistance
- Dual locking mechanism provides
   extra pry resistance
- 1-9/16in (40mm) wide laminated steel body for superior strength
- 4-pin tumbler cylinder helps prevent picking
- COMMERCIAL Master
- Top and bottom bumpers for greater scratch resistance

## General Security Laminated Steel and Brass Padlocks

- 1-1/8in (29mm) wide body
- Standard steel shackle
- Optional brass shackles available for increased corrosion resistance – No. 8
- 4-pin cylinder helps prevent picking
- Proprietary rustproofing for longer life – No. 7
- Brass bodies and cylinders provide excellent corrosion resistance – No. 8

### Python® Adjustable Locking Cable

- Patented locking mechanism holds the cable tight for infinite locking positions
- Weather tough aluminum alloy body, cylinder shutter and vinyl coated cable resist rust and operate in extreme conditions
- Keyed-alike convenience with the removeable, rekeyable cylinder -- key to other Python locking cables or other Master Lock systems with the M1 keyway
- Increased pick resistance with patented disk tumbler cylinder
- Cut resistant, 3/8in (10mm) 100% steel braided cable
- 2ft (.61m) to 30ft (9.1m) Interchangeable cables for application flexibility

### **Government Locks**

As the world's largest manufacturer of padlocks and portable security products, Master Lock has set the standard for quality and selection for more than 90 years. Building on this tradition, Master Lock continues to expand its commercial products and services to better meet our customers changing security requirements. Trust Master Lock for the innovative products, security, support and service you need.

Over the past 50 years Master Lock, as a prime contractor and subcontractor, has supplied every segment of Defense, Federal, State and Local Governments. Master Lock has over 85 National Stock Numbers (NSN) assigned to its product line. Through distribution Master Lock has in aggregate over 550 line items in GSA Advantage and 31 NSN line items referenced in DOD Email. Master Lock also supplies retail product to AAFES, Navy, Marines and the U.S.Coast Guard.

- Where required Master Lock products are designed to stringent government standards, CID-A-A-59486, CID-A-A-56487 and ASTM F883
- BumpStop<sup>®</sup> Advanced Cylinder Technology option exceeds ASTM Grade 6 resistance to surreptitious attack
- Make-to-order capability security products built and keyed to your requirements: shackle options, keying flexibility, laser engraving, key control and custom sets available
- 5-pin tumbler cylinder for added security
- More than 10,000 key changes available for maximum pick resistance
- Dual locking for superior pry resistance
- Most models are stamped "US"; sets are stamped "US SET"
- Non-removable keys available for added security

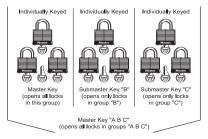

See www.masterlock.com/government for complete listing of NSNs, Make-to-Order products and pricing.

### Keying Options

- Keyed Alike (KA) This provides insame keyin convenience and eliminates the need for multiple keys where numerous padlocks are used. All padlocks in the set are keyed the same. Most Master Lock padlocks can be ordered keyed alike. Keyed alike padlocks are listed in this price book with a "KA" suffix in the product number.
- Master Keyed (MK) In a master keyed system, the master key opens all locks in the system although each lock has its own unique key. Master keyed items are ideal for permitting supervisory or emergency access. Master keyed padlocks are listed in this price book with an "MK" suffix in the product number.
- Rekeyable Padlocks Padlock cylinders can be removed and replaced to restore security quickly without requiring a new padlock. This is ideal for situations where keys are lost or stolen due to theft or employee turnover. Rekeyable padlocks are found on pages 27-29.
- Reserved Key Systems (RSV) Reserved key padlocks are not available to the general public and are not listed in this price book. Key blanks and cut keys are supplied directly by Master Lock through distributors and dealers when requested by registered end users. This adds security through the restricted distribution of duplicate keys. This option requires a custom quotation (see page 1).
- Edge® Key Control Keys for this patent pending key control product offer the ultimate protection against unauthorized duplicate keys. Blank keys are available to locksmiths only and controlled by contract. These keys are recommended for all master keys applications. Contact your local locksmith for full details.

Non-Removable Key (NR) - The key cannot be removed from the padlock when the padlock is open. This helps prevent users from accidentally leaving the padlock in the open position. Only selected padlocks offer this option.

### **KEY CHARTING**

Customers can benefit fully from the large Master Lock change key ranges by having us chart your keying system for you. We will keep a complete record of the progressive key codes assigned and manufactured into your padlocks for each order. You will be assured that there is no unwanted key duplication with the padlocks you purchase over time. Be sure to request this special service with your next order so that all locks purchased from that point forward will be manufactured to comply with your key system requirements. Any orders placed by an end user or distributor should note that they are on a key charting system or reference their End User I.D. Number.

### **Key Number Range By Products**

- Each Master Lock padlock has its own specific numbered key number. The products and appropriate key numbers are listed in the cut key listing, pages 56-57.
- To order a specific key number, specify product number followed by a key number. If no key number is indicated, Master Lock will select a random key number from the appropriate range.

Example: 12 No. 5KA = 12 No. 5 padlocks keyed alike to a randomly-selected key number in range A101-A2084 12 No. 5KA A101 = 12 No. 5 padlocks keyed alike to key number A101

### Padlock Options

Laser Engraving (LZ) Laser Engraving allows for easy identification of padlocks that is a permanent mark on the padlock that cannot be removed. Some applications are: Safety Lock-out, Employee locker identification, Company logos for brand identification. Four areas on an Master Lock solid body aluminum and brass can be engraved for easy padlock identification. Numbers, letters, company logos, or alphanumeric characters can be added to a padlock. Logo engraving available in Area 1 & 3 only. There are a variety of type styles and sizes for text to choose from, or a customer can send a copy of their company logo and Master Lock can permanently engrave it on a padlock. Not recommended for clear locks. Contact Master Lock for order forms.

### Other Stamping Options

		Price/ea.
