# FRAUDSTOPPER ${ }^{\text {TM }}$ Deposit Bags 

Cannot be Opened and Resealed Without Showing Signs of Tampering

FRAUDSTOPPER"' deposit bags offer maximum security. They feature heat and cold-indicating technology, saliva and seam indicators and "VOID" graphics for immediate notification indicating signs of intrusion. Made of strong co-extruded plastic that resists ripping and puncturing, each bag is sequentially numbered with matching barcode.

## FRAUDSTOPPER ${ }^{\text {TM }}$

FRAUDSTOPPER ${ }^{\text {TM }}$ TAMPER INDICATORS

Heat Indicators Blue dots appear on seal when tampered with heat from a hair dryer, vehicle heater or other source.

Cold Indicators 'VOID' graphics on seal give instant evidence of attacks on the bag by freezing agents such as coolants or Freon. Serrated edges tear when tampered.

Saliva Indicators Black "star" graphics under seal appear distorted when saliva-soluble ink comes into contact with saliva, solvents or other chemicals.

# Locking Bag Solutions to Meet Any Security Need 

## UltimaSeven ${ }^{\circledR}$ 7-Pin Lock $\star \star \star \star \star$

Exclusive UltimaSeven ${ }^{\circledR}$ lock offers the best security available, equivalent to integrating a deadbolt lock into the bag. To eliminate locking keys in bags, they cannot be locked without the key in place. Exclusive UltimaShield ${ }^{T M}$ metal guard protects lock from impact and is available in the full range of keying options. Includes our pick-resistant metal zipper and easy-grip molded zipper pull for smooth operation.

## UltimaSeven ${ }^{\oplus}$ 7-Pin Key-Keeper Lock $\star \star \star \star \star$

A clever "no-key" system that keeps keys out of circulation to combat internal theft, lost keys and key maintenance. Unlike our other UltimaSeven ${ }^{\circledR}$ locks, the key-keeper lock can be locked without the key in place. The strap wraps around the lock to prevent the lock from being engaged prematurely. Exclusive UltimaShield ${ }^{T M}$ metal guard protects lock from impact and abuse, and is available in the full range of keying options. Includes our pick-resistant metal zipper and easy-grip molded zipper pull for smooth operation.

## Combination 7-Pin Lock $\star \star \star \star$

Our exclusive combination lock provides the same level of security as our UltimaSeven ${ }^{\circledR} 7$-pin lock while eliminating the common issues with key control. The 4-digit combination lock allows complete control and flexibility in issuing bags with a resettable combination configuration. Simply assign a combination code to each bag that is easily tracked by the unique serial number printed on the lock for easy on-demand internal recovery; no need to replace bags for security threat. Includes our pick-resistant metal zipper and easy-grip molded zipper pull for smooth operation.

## Pop-Up 6-Wafer Lock

The moderate security of the 6-wafer lock is riveted in place to secure the lock housing. Built-in, spring-loaded lock is available in a select offering of keying options.

## Padlock and Combination Lock

Our padlocks and combination locks make it easy to add locking security to any number of bags. Simply feed the padlock through the D-ring and zipper pull to secure. Perfect for many applications that do not require the enhanced security of an integrated lock.

## Replacement Key Service

If your customers lose a key and need a replacement, MMF is at your service. When ordering, specify the 6-digit alphanumeric number located under the lock.

Replacement keys ship within 3 business days and we offer 24-hour key replacement for emergency situations. Give us a call today at 800.323.8181 to learn more.

## UltimaSeven ${ }^{\circledR}$ 7-Pin Locking Bags

When you see the UltimaSeven ${ }^{\circledR}$ seal, you can be assured that the bag meets the highest standards for quality and protection on the market. Our bags are constructed of top-quality materials and are rigorously tested to withstand daily use for many years.

Our exclusive UltimaSeven ${ }^{\circledR}$ lock is the most secure lock in the industry and is designed to be virtually pick-resistant. A durable vinyl trim protects the lock mechanism from wear and tear associated with daily use and nightly deposit bag drops. The metal zipper is also pick-resistant and allows for smooth operation with an easy-grip molded zipper pull.

Our commitment to security and quality is evident in every product we make.

## Maximum Security with the Flexibility of a Resettable Combination Lock

## How to reset the combination lock

All of our combination locks come standard with 0000 entered as the combination code with open access to change the combination code on-demand. For maximum security, assign a unique combination code for each bag using the unique sequential serial number engraved onto each lock for reference. Restrict access to resetting the combination using the required Combination Lock-Out Tool on page 53.

A-B. Combination Lock Security Bags Patented maximum security without the need for key control or master keying

- 4-digit combination lock allows for flexibility in issuing bags with resettable configuration
- Combination code can be modified by management, then restricted by using the lock-out tool (see page 53)
- Feature pick-resistant zipper and double-stitched seams that add strength and durability
- Individual serial-numbered locks for easy tracking of combinations
- 3-3/4"W x 2"H card window comes standard on every bag
- Classic Bags also available in 1000 Denier Laminated Polyester See page 78 for fabric and color options
- Rugged Bags also available in 1800 Denier Polyester See page 78 for fabric and color options

- 4-digit combination lock allows for flexibility in issuing bags with a resettable combination configuration
- Eliminates the need for key control and complicated master keying while providing the same security as our UltimaSeven ${ }^{\circledR}$ 7-pin lock

Item No. Add "P" for Imprinting Color Code
See pages 78-79 for full selection of fabrics, colors and imprinting options.

## Combination Lock-Out Tool

Ensures maximum security by restricting access to resetting the combination code

- Combination locking bags have a "lock-out" located on the underside of the lock that restricts the user's ability to alter the combination code
- Management can ensure maximum security by "locking" the code for normal day to day operations, and authorized personnel can later use the tool to "unlock" and allow combination changes in the event of a security breach or as part of an advanced security protocol

## Bags For Your Unique Business Needs

Can't find a stock bag that meets your requirements? Our Custom Bag Shop, with more than 80 years of experience, can design and manufacture unique bags by creating completely new designs or modifying existing styles.

## Design a Custom Bag

Simply specify how the bag will be used, its dimensions, fabric \& material, color, closure method and any other important features. Our design and engineering team can best visualize your custom design with a sketch, photo or sample.

Lead time depends on the complexity of the project. Learn more online at mmf.com/CustomBags or contact one of our dedicated Bag Specialists at 800.323.8181 for more details.

## Modify MMF's Standard Bags

Here are just some of things you can do...

- Change grommet size
- Change I.D. window position
- Add carrying handles
- Remove lock or zipper
- Add snap, or hook and loop fasteners
- Add metal studs to bag bottom
- Add I.D. window to other side of bag
- Add window with inside entry for address card
- Add pockets, grommets or loops
- Add D-ring for lock or seal application
- Add bag skirt
- Add padded shoulder strap
- Request special fabric
- Request foam-padded fabric

And more!

## Create Customized Nameplates with the Flexibility of Changeable Signs

Choose the style and color to match your décor. Magnetic nameplates snap easily in and out of sign frames, allowing you to change your nameplates as your needs change. All frames and nameplates need to be ordered separately.
Nameplate Dimensions

- 2/3 Nameplate: $5-13 / 16^{\prime \prime} \mathrm{W} \times 1-3 / 4^{\prime \prime} \mathrm{H}$
- Full-Length Split Nameplate: $8-11 / 16^{" W}$ x 7/8"H
- 1/3 Nameplate: $2-7 / 8^{\prime \prime} \mathrm{W} \times 1-3 / 4^{\prime \prime} \mathrm{H}$
(1) Choose the Frame \& Frame Color

| Desk Bars | Frame <br> Type | Dimensions <br> (W x H x D) |
| :--- | :--- | :--- |
| Item No. | Square | $9^{\prime \prime} \times 2^{\prime \prime} \times 1-3 / 8^{\prime \prime}$ |
| A. $2837042 F(C C)$ | $9^{\prime \prime} \times 2^{\prime \prime} \times 1-3 / 8^{\prime \prime}$ |  |
| B. $2837043 F(C C)$ | Radius |  |

Add color code as suffix in place of "(CC)" when ordering. (e.g. 2837042F04).

E
$\left.\begin{array}{lll}\text { Desk Pedestals } & \text { Frame } \\ \text { Type }\end{array} \quad \begin{array}{l}\text { Dimensions } \\ \text { (W x H x D) }\end{array}\right]$

Add color code as suffix in place of "(CC)" when ordering. (e.g. 2837050F04).

Reversible Teller Bars

| Item No. | Description | Frame Type | Dimensions (W x H x D) |
| :---: | :---: | :---: | :---: |

| D. 2837045T(CC) | "Next Teller Please" | Radius | 9 " $\times 2$ " $\times 1-3 / 8^{\prime \prime}$ |
| 2837047W(CC) | "Next Window Please" | Radius | 9 " $\times 2$ " $\times 1-3 / 8{ }^{\prime \prime}$ |

Add color code as suffix in place of "(CC)" when ordering. (e.g. 2837044T04).

G

Wall Signs

| Item No. | Frame <br> Type | Dimensions <br> (W x H x D) |
| :--- | :--- | :--- |
| G. 2837048 F (CC) | Square | $9^{\prime \prime} \times 2^{1 "} \times 3 / 88^{\prime \prime}$ |
| H. 2837049F(CC) | Radius | $9^{\prime \prime} \times 2^{\prime \prime} \times 3 / 8^{\prime \prime}$ |

Add color code as suffix in place of "(CC)" when ordering. (e.g. 2837048F04).

## (2) Choose the Mounting Option

## For Desk Bars and Desk Pedestals

Cork Base (Standard)
A non-slip, rubberized cork base will be supplied unless otherwise specified.

## For Wall Signs

## Double-Faced Adhesive (Standard)

A double-coated adhesive for semi-permanent mounting will be supplied unless otherwise specified. Hook and Loop Fastener Backing is supplied in place of adhesive upon request at no extra charge.

Double-Faced Adhesive (Optional)
For semi-permanent mounting, a doublecoated adhesive may be requested instead of the cork base. No extra charge.

## Double Pin Mounts (Optional)

Two pins on back of sign easily slip into cloth surfaces. Additional charge per sign. Add Item No. 283-7001-00 to order form.

## (3) Choose the Nameplate

## I-K. Subsurface-Engraved Nameplates

Imprint is engraved from the back of the nameplate then covered with a blended acrylic material, providing a smooth surface for a tough, long-lasting sign. Standard typeface is uppercase Gothic, centered on nameplate, unless otherwise specified. See page 148 for additional options.

## L-N. Engraved Nameplates

Imprint is etched on the front of the nameplate for a clean, textured look. Standard typeface is uppercase Gothic, centered on nameplate, unless otherwise specified. See page 148 for additional options.

offers an array of products for Point of Sale. This important space in any business is where the customer transaction actually takes place. Make sure the POS area has the right tools: security pens, payment terminal mounts and more - this will ensure a seamless transaction every time.

MMF Industries' Secure-A-Pen ${ }^{\circledR}$, Chain-Ritter ${ }^{\circledR}$ and Wedgy ${ }^{\circledR}$ pens offer antimicrobial protection originating from a naturallyoccurring silver technology that prevents bacterial and fungal growth on the surface of the pen. This long-lasting protection evolves from an environmentally-friendly technology and is EPA and FDA approved*.
*Antimicrobial protection is limited to the treated article and does not protect a user against disease causing bacteria. Always clean products thoroughly after each use.

## Quality Imprinting Starts with Quality Artwork

## Please follow the guidelines below for submitting original art files to produce the highest-quality imprint on your custom order. As soon as we receive the required art files we can begin processing your order.

## Guidelines for Submitting Artwork

Artwork Requirements

- Preferred file format is vector images created in Adobe Illustrator. Please convert all text to outlines. These are file names ending in .ai or .eps
- We will accept files ending in .tif, .jpg or .psd ONLY if these are high-resolution files
- Low resolution files are not accepted (i.e. website images, email signatures or low resolution .pdfs are not useable as art files)
- As a guide, high-resolution is 300 dpi (dots per inch)

Text Imprint Only

- Provide the exact copy you want imprinted
- Provide specific typeface/font name and size

Other Guidelines \& Helpful Information

- When requesting color imprinting provide your specific PMS ink colors (we are unable to use artwork in process color, CMYK or RGB)
- We are unable to imprint any artwork that contains gradients, please provide solid color art only
- Not sure where to find correct art files? Check with your marketing, public relations, advertising or human resources department.

## Submitting Artwork to MMF

- If placing your order with Customer Service, please provide artwork to your representative via email
- If placing your order on our website (blockandcompany.com) upload your artwork and/or specify your custom copy online

## Retouch Service

If you are unable to provide your artwork in an acceptable format, MMF can provide a quote to retouch your artwork. Retouching services are billed starting in 30-minute increments with your prior authorization. Please contact Customer Service for a quote and other information. The retouch fees are a one-time charge and we will keep your artwork on file for future orders.

For help with your order, please call Customer Service. 800.323.8181
