Experience a safer
and more open world

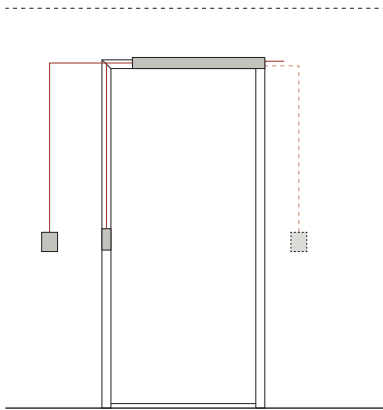

SINGLE USE RESTROOM KITS FOR WIFI OPERATORS

The ASSA ABLOY Group is the global leader in access solutions. Every day, we help billions of people experience a more open world.

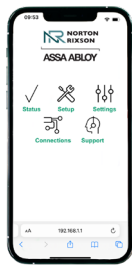

THE PROBLEM: Installing an operator on a single-use bathroom typically requires many components, complex wiring and lots of time.

THE SOLUTION: Norton Rixson offers two, single use restroom kits, compatible with select, WiFi enabled low energy operators. Our complete solution features three components, simplifies wiring and requires significantly less time to install and program.

Norton Rixson operators are the easiest to install on single-use restroom doors!

Norton Rixson WiFi enabled operators:

- Secure, password protected WiFi hot spot - no connection to building's IT required
- Simple setup, no app required
- Easy to view status
- Simple and fast adjustments without removing cover
- Programmable inputs

Since 1880, Norton Rixson door controls have been an integral part of schools, hospitals and businesses around the globe. When you need products and people that perform at the highest level, rely on Norton Rixson – From Open to Close.
