

OVERHEAD CONCEALED CLOSERS

The ASSA ABLOY Group is the global leader in access solutions. Every day, we help billions of people experience a more open world.

Overhead concealed closers offer an elegant way to close a door with standard frame profiles. In situations where a heavy-duty closer is needed but concealment is required for aesthetic purposes, Norton Rixson offers several different options, including the 73 Series, 91 Series, and 93 Series to accommodate a wide range of applications.

Concealed for a minimalist appearance, these offset hung or center hung, single or double acting, door closers provide control without sacrificing the aesthetics of the opening.

FEATURES

- Single or double acting
- Offset or center hung
- Heavy-duty cast iron closer body
- Separate and independent closing speed and latch speed valves

BENEFITS

- Concealment without sacrificing aesthetics
- Vandal resistant for enhanced security
- Heavy-duty design to accommodate heavier doors

APPLICATIONS

- Aluminum storefront
- Decorative openings
- Patient rescue doors

Since 1880, Norton Rixson door controls have been an integral part of schools, hospitals and businesses around the globe. When you need products and people that perform at the highest level, rely on Norton Rixson – From Open to Close.
