

Experience a safer  
and more open world

# WIFI-ENABLED OPERATORS

The ASSA ABLOY Group is the global leader in access solutions. Every day, we help billions of people experience a more open world.

The Norton Rixson portfolio of low energy door operators offer a broad range of functions for low- to high-use openings, to serve the specific needs of virtually any swing door application.

Our WiFi-enabled low energy operators are unique for a few reasons:

- Operator is a secure, password protected WiFi hot spot - no connection to building's IT required
- Simple setup; no app required
- View status and make adjustments without removing cover
