

# Installation Instructions

## 999

### Typical Installation

**IMPORTANT note for lock installation:**

Be sure and position barrel/cylinder and bolt for desired handing *before* drilling hole for lock. The position of the barrel/cylinder relative to the lock body is different for each or the four available handings. It is critical to configure the lock for the correct handing before starting installation.

**Strike installation:** Line up center mark on latch with center mark on strike for correct strike placement.

### 999L - Left Hand (LH)

### 999R - Right Hand (RH)
