

PS-EXIT

Power Supply for Exit Devices

ASSA ABLOY

Experience a safer
and more open world

The PS-EXIT Power Supply is specifically designed to protect and optimize the performance of Adams Rite 8000/3000 Series exit devices with Motorized Latch Retraction (MLR) or Electric Latch Retraction (LR) options by delivering filtered and regulated power.

Protection & Efficiency

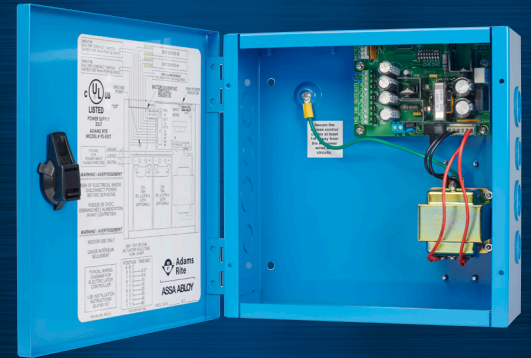

- Delivers regulated and filtered clean power for increased performance
- Power and control up to two MLR or LR exit devices in single or dual input operations
- Operating mode: single or double swinging doors

Strong, durable construction

- Blue, baked enamel finish with knockouts for conduit connections
- Available with integrated fire alarm connection
- Extends warranty to 5 years on 8000 Exit Devices with MLR or LR option

Flexible design

- Exclusively designed for Adams Rite 8000/3000 Exit Devices with MLR or LR option
- Designed to power applications where access control and accessibility is required and high performance is expected
- Produces fail-secure response, with free mechanical egress, for exit devices during complete power failure

PS-EXIT replaces and obsoletes Adams Rite PS-SE and PS-LR power supplies
