Pemko Adjustable Throw Flush Bolts for Sliding and Folding Doors

Pemko Adjustable Throw Flush Bolts hold doors in the open or closed position. The Flush Bolt mount to the face of the door and bolts into the floor using a throw bolt. This model (FB150SS) features an adjustable throw bolt allowing the choice of three depths, 1", 1-1/4" or 1-1/2".

Pemko Adjustable Throw Flush Bolts can be installed semi-mortise or mortised, making them suitable for narrow clearances and multi door systems including Pemko SIM Telescoping Door Systems.

Features and Benefits:

- For use on interior doors, folding partitions and folding windows
- High quality stainless steel for durability and long life
- Installs on the face of the door for ease of use
- Semi mortised or full mortised installation
- Can be used on a door as thin as 1-3/8"
- Available in brushed stainless or black finishes
- Strike plate included

Pemko Adjustable Throw Flush Bolts are available for immediate delivery.
