and more open world

## Pemko Stainless Steel Thresholds and Gasketing

### Durability and Style

Resistant to rust, discoloration and corrosion, stainless steel will easily maintain its professional appearance for years. It is widely used in commercial and institutional environments as the material tolerates exposure to chemicals and heavy use while maintaining a classic, beautiful style.

Pemko offers an extensive line of stainless steel thresholds, meeting stile gasketing, perimeter gasketing, door bottom sweeps, and astragals.

Features	Benefits
Tough and durable material	Long lasting in varied environments
Easy to clean	Helps meet sanitary requirements
Withstands chemical use or spills	Long lasting, lower cost of ownership
Resists rust and corrosion	Easy to maintain appearance
Can be used at both extremes of heat and cold	Useful in a wide variety of environments
100% Recyclable	Environmentally friendly
Thermal barrier thresholds available	Energy savings

### Applications:

- Healthcare Facilities
- Clean Rooms
- Restaurants
- Food Prep Areas
- Cafeterias
