

Model 6120 Motorized Electronic Safe Lock

SIMPLE OPERATION. UNCOMPROMISED SECURITY.

Sargent and Greenleaf's Model 6120 delivers simple, one-touch operation that makes protecting residential gun safes or commercial safes easy and intuitive. **With a heritage of excellence built on more than 160 years of trust, Sargent and Greenleaf delivers security you can rely on.**

FEATURES

- **RELIABLE SECURITY.** Built-in features including bolt-blocking application and a hardened disc in the lock body deliver structural integrity and protect against punch and drilling attacks. A motor-driven lock bolt prevents vibration and bouncing attacks.
- **EASY OPERATION.** Operate the lock in one step—simply enter the code and the lock opens.
- **PEACE OF MIND.** Model 6120 automatically relocks when the door is closed and boltwork is extended, protecting assets even if the user forgets to engage the lock.
- **BEST-IN-CLASS WARRANTY.** Sargent and Greenleaf backs Model 6120 locks with a leading two-year warranty and exceptional service.

Protecting assets from high-security government sites to banks to businesses for more than 160 years, Sargent and Greenleaf continues to set the standard for innovation, security, quality, and trust.

Model 6120

CONTROL AND CONVENIENCE FOR GREATER SECURITY.

Keypad control combined with easy one-step operation makes the 6120 Safe Lock Series convenient to use and manage — and also highly secure.

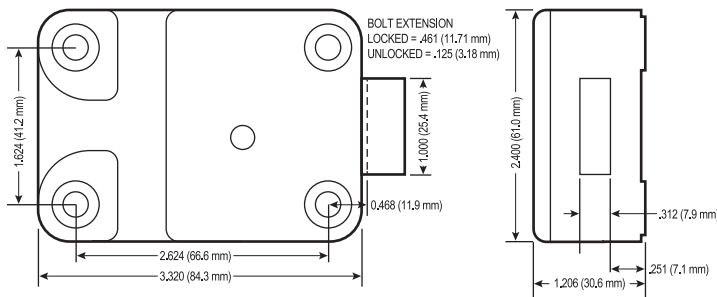

DEADLOCKING SQUARE BOLT

- Withstands up to 225 lbs. of bolt end pressure for security and durability in boltwork blocking applications

NON-DEADLOCKING SPRING BOLT

- Designed for lightweight and inner compartment doors that require the lock to latch and secure the door
