

TA1 Series

CAT TOUCH THIS! TOUCHLESS ACTUATOR

- **TOUCHLESS WAVE ACTUATOR**
- **12-30 VDC/AC - SPDT**
- **BI-COLOR HALO LED STATUS INDICATORS**
- **HOLD TIME - ADJUSTABLE FOR .5-30 SECONDS**
- **TRIGGER DISTANCE RANGE - 0.5" - 4"**

NO HASSLE
3 YEAR
WARRANTY

The **COMMAND ACCESS TA1 SERIES** is a double gang touchless actuator with a mechanical fail-safe actuator for lost power. Eliminate the spread of germs through ease of wave activation. Everyday use on ADA openings or specialty applications with the push-to-lock actuator is ideal for single occupancy privacy restroom applications.

SPECIFICATIONS

Voltage:

- **Voltage range:** 12 to 30 VA/DC
- **Current Draw:** 13mA (standby); 45mA (triggered)
- **Trigger Distance:** .5" to 4.0" adjustable
- **Relay Time:** 0.1s to 30s adjustable
- **Illumination color:**
Standard = Blue (idle), Green (activated)
Privacy = Green (open), Red, (locked)
- **Size:** 4.5" x 4.5" x 2"

Accessories

- **2WRB** - Upgrading from a pre-wired mechanical acuator. 2 Wire Retrofit Board allows for you to run power & signal activation off 1 pair of existing wires.

FEATURES

- Plate Screened "Wave to Open" or "Wave to Lock"
- Standard LED: BLUE -> GREEN
- Single Occupancy Restroom LED - GREEN -> RED
- LED's field selectable by dip switches
- Functions as standard mechanical actuator for situations when power to switch is lost.
- Activation time adjustable 1-30 seconds.
- Trigger Distance adjustable so you can minimize any accidental activations.
- See package options when pairing with latch retraction or for single occupancy restrooms.
- 3-year "no hassle" warranty
