

UNIVERSAL BATHROOM PRIVACY KITS

The Command Access Universal Bathroom Privacy Kits provide modular packages designed to fully equip new installations or add to existing applications. The kits come with a complete mortise lock chassis, a power supply, a controller, wall switches, optional Auto Door Operators, and an optional Emergency Annunciator kit.

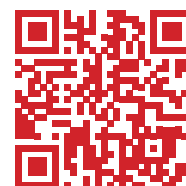

The 'PUSH TO LOCK' and 'PUSH TO OPEN' activation switches can be ordered in either Flush or Surface Mount configurations and are illuminated for visual verification: RED means locked and secure while GREEN means free to enter. Hardware finishes and lever design must be specified.
