V36 series

3 YEAR WARRANTY

Does Not Maintain Key-Override

The easier and more affordable solution

The Command Access electronic modification of the **Von Duprin 360 series exit trim** is perfect for stairwell conditions or applications where electric pullback of the exit device's latchbolt is cost prohibitive or not required. This is especially practical in applications where fire/life safety codes require "fail safe" condition which is not an option with electrified latch pullback devices. Because the current draw is quite low there is no need for a more expansive power supply to provide the surge current. These trims are purchased as modifications only.

Models Available

Does Not Maintain Key-Override

MDV36EL- Storeroom

Outside lever locked Fail Safe (EL) electronically. Switched power allows outside lever to retract latch(es). Inside push pad is always free for immediate egress.

MDV36EU- Storeroom

Outside lever unlocked Fail Secure (EU) electronically. Switched power allows outside lever to retract latch(es). Inside push pad is always free for immediate egress.

FEATURES:

- Continuous duty solenoids used to insure trouble-free operation
- Internally mounted solenoid to ease installation (no special door prep required)
- 3-year "no hassle" warranty

OPTIONS:

- Available Fail Safe (Electrically Locked) or Fail Secure (Electrically Unlocked)
- Voltage options - 12V or 24V (AC/DC)
- REE - Request to Enter switch available
- CRU2 - Current Reduction Unit to improve solenoid life in "continuously on" applications

SPECIFICATIONS:

- Operating Voltage - 12 or 24VAC/DC (+or- 10%) (must specify 12 or 24 volts when ordering)
- Amperage - 12V = 250 mA / 24V = 150 mA
- Solenoid coil resistance - 12V = 49 Ω / 24V = 159 Ω

CROSS REFERENCE CHART:

Von Duprin Trim	Can we Modify?	Maintains Key Override?
360T	Yes	No
360T-BE	Yes	No
360L	Yes	No
360L-BE	Yes	No
360L-DT	No	-

**Dummy cylinder will be added to cylinder prep trims in factory.
