Patented adjustable mounting posts make the nexTouch exit trim compatible with many exit device models (see chart at left).

Features

- Capacitive touchscreen or pushbutton keypad available, for tactile environments and ADA compliance
- Patented adjustable mounting posts enable retrofit onto many exit device models without any additional hardware
- Up to 500 user codes in keypad only operation
- 9V battery power backup prevents lockout even if the batteries fail
- Modular technology allows users to upgrade to data-on-card or wireless technologies as system requirements change and grow
- Available in four finishes and three lever designs
