ML10-BT
## fingerprint door lock

It's a DIY plug 'n play door lock replacement to your old "lock 'n key" door knob.
Includes Bluetooth & Mobile app.

ML10-G-BT

ML10-S-BT

Features and Benefits

- **Peace of mind:** Fingerprint sensor prevents accidental lockout due to forgetting your key, ID card or PIN code.
- **Easy installation:** No wiring. Fits door widths 1 3/8" to 2 3/8". Single latch and reversible handle design
- **Rugged:** Zinc alloy body and strong handle design prevents forcible entry.
- **Reliable:** Patented independent clutch-motor design
- **Secure:** Advanced highly accurate fingerprint sensor recognizes up to 60 users (Admins, Normal and Temporary users).
- **Low power consumption:** 4 AA batteries discharge only when a user is detected.
- **Low battery warning**
- **Metal override key for emergency access:** Override Key near impossible to copy.
- **Audio and Visual Feedback:** LED indicator and built-in buzzer
- **Bluetooth and mobile app:** Allows for remote door unlock and user management.
