

KABA MAS PRODUCT BULLETIN

PRODUCT: Auditcon® 2 Series
SUBJECT: Auditcon® 2 Series Software Release, V1.2.1
BULLETIN: #035
DATE: 07/02/12

Auditcon 2 Series software, V1.2.1 is now available.

This software release addresses an issue with reporting of the Leap Year date in the Audit Report for Year 2012 and 2016. The software had been improperly translating a Leap Year audit record date of February 29 in years 2012 and 2016 to show as March 1 on the Audit Report.

In addition, the software release changes the description of the audit records for Setting Date and Time in the lock system to reflect "Set Date/Time".

The following software packages are affected by this change:

Part # 301101

Auditcon 2 Series Software Implementation Package

Includes Software Install CD, SA Key, 2-Port Key Reader, and USB Adapter.

Part # 301102

Auditcon 2 Series Software Upgrade Package

Includes Software Install CD and USB Adapter. This package is intended for previous users of Audit Only or Auditcon 2 Software.

The Auditcon 2 Series Software supports the following locks:

- **Model 252**
- **Model 552**

The Kaba Safe Lock Division relies on product innovation to meet our markets' ever-changing needs for loss prevention and asset control solutions. The Kaba and LA GARD brands are synonymous worldwide with Security, Control and Accountability.
