EXTERIOR VIEW

## Product Features

### Access Types

Smartphone, PIN access codes, RFID, smart remote, smartwatch, traditional key override. Two-factor authentication capable

### Access Levels

Administrator defined through the Cloud Based Access Control Interface

### Max Users

1000 users locally, Unlimited in the cloud

### Audit Trail

Real time events tracking through the app or Cloud Based Access Control Interface. Event filtering and report exporting is standard

### Notifications

Email or SMS notifications, Administrator defined through the Cloud Based Access Control Interface

### Programmed

All user and credential data is added through the Cloud Based Access Control Interface

### Communication

Hybrid BLE and ANT+ wireless mesh network

### Security

Patented End2End AES 128-bit with Cypher Block Chaining

### Power Source

4 AA alkaline batteries

### Door Thickness

1-3/4" - 2-1/4"

### Chassis

Built on PDQ 6EW heavy-duty chassis, designed for high use/high abuse Grade 1 applications

### Suitability

Designed for use on PDQ 6200 Series Exit Devices (Rim, Concealed Vertical and Surface Vertical Rods)

### Retrofit Flexibility

Compatible with Von Duprin 98/99 exit devices and other major brands

### Handing

Non-handed, field reversible

### Operation

Always locked or can be set to Passage mode

### Cylinders

Conventional, SFIC, Schlage LFIC, High Security and UL 437

### Keying

22 keyways plus Restricted, High Security and UL 437

### Keypad

Capacitive touch, back lit. Integrated Mifare RFID reader

### Certifications

UL 20 min other ratings pending.

### Environment

Suitable for interior/exterior applications -31 to 150F weatherized

### Retrofits

Covers 161 door prep

### Remote Operation

Remotely operated and controlled via our wireless mesh network

### Upgradeable

Over the Air Firmware ensures the products remain cyber secure and evolve capabilities over time
